

# Special Session on Natural Language Processing

## Call for Papers

As part of

2013 International Conference on Computational Intelligence  
and Security (CIS'2013)

Dec. 14-15, 2013, Emei, Sichuan, China

<http://www.cis-lab.org/>

### SCOPE AND OBJECTIVES

Natural language processing (NLP) is a field of computer science and linguistics concerned with the interactions between computers and human (natural) languages; it began as a branch of artificial intelligence.

This special session will provide researchers and engineers a forum in the areas of NLP to exchange their new ideas, which may contribute to boost this area.

#### **The Session topics include (but are not limited to) the following:**

- Algorithm and theory for natural language processing;
- Language resource for natural language processing;
- Application issues of NLP;
- Other topics of relevance in NLP application etc.

### PAPER SUBMISSIONS

You are invited to submit original and unpublished research works on above and other topics related to the Natural Language Processing. Submitted papers must not have been published or simultaneously submitted elsewhere. Submission should include a cover page with authors' names, affiliation addresses, fax numbers, phone numbers, and email addresses. Please, indicate clearly the corresponding author and include up to 6 keywords from the above list of topics and an abstract of no more than 400 words. Authors should use the Latex style files or MS-Word templates (the same as main conference) to format their papers. The length of a submitted paper had better does not exceed 5 pages in two-column format. Please include page numbers on all submissions to make it easier for reviewers to provide helpful comments.

Each paper will receive a minimum of three reviews. Papers will be selected based on their originality, relevance, technical clarity and presentation. Authors of accepted papers must guarantee that their papers will be registered and presented at the special session. Accepted papers

will be published in the conference proceedings which will be made available at the time of the meeting.

Submission of a paper implies that should the paper be accepted, at least one of the authors will register for the CIS conference and present the paper in the session. Accepted papers will be given guidelines in preparing and submitting the final manuscript(s) together with the notification of acceptance.

All papers accepted for special session will be included in the Conference Proceedings published by Conference Publishing Services (CPS), which will be submitted for possible indexing by EI and ISTP.

The accepted papers will be further selected based on its originality and technical quality, and significantly expanded and included in several Special Issues of the International Journals (SCI indexed or EI indexed).

## **Submission**

The manuscript should be formatted according to the Latex style file or MS-Word template provided by CIS 2013 main conference, and is compliant to the requirements of CIS main conference: <http://www.cis-lab.org/>.

The formatted paper should be submitted via CIS'13 online paper submission system: [http://www.cis-lab.org/?Paper\\_Submission](http://www.cis-lab.org/?Paper_Submission)

## **Important Dates**

Paper Submission Due Date: July 30, 2013

Notification of Paper Acceptance: August 15, 2013

Camera-Ready Paper Submission Due Date: August 30, 2013

Session date: December 14-15, 2013

## **Sessions Organizers**

Peng Jin

Associate Professor, Doctor

School of Computer Science, Leshan Normal University

No.778 Binhe Rd. Shizhong District.614004, Leshan, Sichuan, China

E-mail: jandp@pku.edu.cn

Yunfang Wu

Associate Professor, Doctor

Institute of Computational Linguistics, Peking University

No.5 Yiheyuan Rd. Haidian District.100871, Beijing, China

E-mail: wuyf@pku.edu.cn

**If you have any question, please do not hesitate to contact with us.**
