

# CIS 2016

December 16-19 2016 Wuxi China

## About CIS

International Conference on Computation Intelligence and Security (CIS) is a major annual international conference to bring together researchers, engineers, developers and practitioners from academia and industry working in all areas of two crucial fields in information processing: computational intelligence (CI) and information security (IS), to share the experience, exchange and cross-fertilize ideas. In particular, the series of CIS conference provides an ideal platform to explore the potential applications of CI models, algorithms and technologies to IS. Following the great success of CIS 2005-CIS 2015, the twelfth conference CIS 2016 will be held at **Wuxi**, Jiangsu Province, China on **December 16-19, 2016**.

## Topics

### Applications

Detailed topics instructions are on the CIS 2016 website

**Computational Intelligence**

**Information Security**

## Important Dates

- Submission of Papers: **July 15, 2016**
- Notification of Acceptance: **August 20, 2016**
- Final Camera-Ready Papers: **September 1, 2016**

## Paper Submission

Prospective authors are invited to submit high-quality manuscripts written in English. The submission of a paper implies that the paper is original and has not been submitted to elsewhere for possible publication. All submissions will be blindly reviewed by experts in the field based on originality, significance, quality and clarity.

## Publish & Index

The accepted papers will be included in the conference proceedings published by the CPS, and be further submitted to the indexing companies for possible indexing, including EI and ISTP. Nevertheless, all past CIS 2005-CIS 2015 proceedings have been successfully indexed in either SCI or EI. **Similarly as what took place last year, the best 60 papers are going to be selected this year. These papers which are revised and extend will be strongly recommended to published in SCI/EI indexed journals.**
